#SmartCitizenry: Mates do this

Why? I'm doing this because this is what "smart citizens" do. [This is what mates do!](#)

This COVID19 thing has the potential to get real bad, real quick, for a lot of people...

Unless we all pull together. So, I'm making an offer to help. If you need it.

*Caronavirus (COVID19) is **contagious** and it's "bad news" if you are sick or old. Together we can be smart about this and **keep the effects limited** by **self-isolating** i.e avoiding personal contact (<2m). Be smart - wash hands (just like mum said) and follow medical advice.*

We are all in this together...
